GAZETTE.

LEGE, PRO REGE.

MARCH 28, 1774.

CHARLES-TOWN: Printed by PETER TIMOTHY, Printer to the Honourable the COMMONS HOUSE of ASSEMBLY, at his Office on the BAY, near the Exchange.

In the COMMONS HOUSE of ASSEMBLY,
March 26th, 1774.

ORDERED,

THAT the Resolutions of this House of Yesterday, on the Report of the Committee of Correspondence, to whom it was referred to consider of the Resolutions lately entered into and published by His Majesty's Council in the public Gazette relative to the Conduct of Charles Garth, Esq; Agent for this Colony, in Great Britain, on the Petition presented by him to His Majesty, in Pursuance of the Directions of this House, be printed in Mr. Timothy's Gazette, and made public.

By Order of the House,

THOMAS FARR, jun. Clerk.

RESOLVED (NEM. CON.)

THAT the Petition presented to His Majesty, by Charles Garth, Esq; Agent for this Colony, in Pursuance of the Directions of this House, contains a faithful, true and impartial Representation and State of Facts, relative to the very extraordinary and unprecedented Conduct of His Majesty's Council of this Colony, and is highly satisfactory to this House.

RESOLVED (NEM. CON.) That the said Charles Garth, Esq; in so doing, hath truly and faithfully discharged the Duty of his Office, and merits the full Approbation of this House.

RESOLVED (NEM. CON.) That the Thanks of this House be given to the said Charles Garth, Esq; for his Diligence and Attention in pursuing the Directions of this House, and for the whole Tenor of his Conduct, as Agent of this Colony.

RESOLVED, That the Council, by publishing in the South-Carolina General Gazette of the 18th Instant, certain Resolutions, and therein censuring and condemning the Propriety of the said Petition, whilst the same was under the Consideration of His Majesty, and undetermined upon by him, have been guilty of an Insult to the King, and a most daring and presumptuous Attempt to anticipate his Majesty's Royal Judgment thereupon.

ORDERED. That Mr. Speaker do transmit a Copy of the foregoing Resolutions to Charles Garth, Esq; Agent for this Colony in Great-Britain; and also, that he do return him the Thanks of this House for his Attention and faithful Services to this Colony.

In the COMMONS HOUSE of ASSEMBLY,
March 26th, 1774.

ORDERED,

THAT the Message of this House to His Honour the Lieutenant-Governor, and His Honour's Answer thereto, be printed in Mr. Timothy's Gazette, and made public.

By Order of the House,

THOMAS FARR, jun. Clerk.

MESSAGE to His Honour the Lieutenant Governor.
May it please your Honour,

YOUR Honour's Requisition, our earnest Desire to promote His Majesty's Service and the Welfare of this His Colony, as well as our Care of the Lives of our Fellow-Subjects in the Frontier Settlements, obliged the House to take under immediate Consideration the Matters recommended in your Speech. A Bill was accordingly framed, read in this House, and sent to the Council, in a very few Days, for raising and granting to His Majesty a Sum sufficient to levy and support a large Party of Rangers; and the Public Accounts up to the 1st of January last, were examined by a Committee, reported on, and finally settled by the House in the most expeditious Manner; and we had Reason to hope a happy Issue of the Session: But these Hopes were soon blasted, by the Council's rejecting that important Bill.

When your Honour considers that we, notwithstanding every Affront, Indignity and Breach of Privilege which the Council have been guilty of towards the House, have condescended to send a Bill to them, nay, had even agreed to continue the General Duty Law, in order to obviate any Objection to that Bill; and that the Council have rejected it, and thereby exposed, and as it were given up, to the Murders, Cruelties and Ravages of the most barbarous Savages, the Lives and Properties of our Fellow-Subjects; Your Honour must surely think it is vain for this House to frame any Bill, upon constitutional Principles, in Expectation of its passing that Board: Therefore, in our Opinion, it is unnecessary to attempt the preparing a Tax-Bill, being so well assured, not only from former Declarations, but from this recent Act of the Council, no such Bill will pass: This therefore, we hope, will plead our Excuse for not proceeding on that Matter at present. Should your Honour be pleased to consider, by what Number and what Kind of Men, Stop has been for many Years put to all Kind of Public Business in this Colony; that they are most of them supported by Offices they hold at the Will of the Ministry; and connected neither by Birth or Property to this Country; Your Honour would have great Reason to admire the Loyalty of this People, which even gross Insult, added to the most malignant Injuries, has not been able to shake.

We beg Leave to assure your Honour, that we are most ready and desirous to make every necessary Provision for Payment of the Public Debts; for the Security of the Country as well from Assaults by Sea as by Land; and for every other public Service, whenever we shall have Reason to believe that Bills of Supply will pass in the ancient and approved Method, from which we will never depart.

In the mean Time, the House judging it might, in some Measure, not only help to relieve the Distresses, but prevent the absolute Ruin, of many of the Public Creditors, that their Demands against the Public should be manifest and ascertained, have ordered the Clerk of this House to issue Certifi-

cates, to every Person requiring the same, whose Demands on the Public have been audited and allowed by this House, certifying the Amount of the said Accounts; and to prevent Counterfeits, as much as possible, have ordered such Certificates to be countersigned by Five Members of the House.

Being of Opinion, that no further Act can at present be done by this House, consistent with their inherent and constitutional Rights, that will any Way conduce to the Public Good, We are absolutely constrained to ask your Honour's Leave to adjourn, to the first Tuesday in August next, to take Care of our private Affairs, since our Attendance here can be of no Advantage to those of the Public.

By Order of the House,

RAWLINS LOWNDES, Speaker.

In the Commons House of Assembly,

the 25th Day of March, 1774.

His Honour's ANSWER.

Mr. Speaker and Gentlemen,

IT is with the deepest Concern I find by your Message Yesterday, that the Measures so necessary for the Protection of our Frontiers have proved abortive; and that, though you have proceeded so far in your Examination of the Public Accounts as to liquidate and ascertain the sum, the Payment of the Debts, due to the Public Creditors, is not yet carried into complete Execution.

As you have signified to me your Opinion that no further Act can be, at present, done by you, that will any Way conduce to the Public Good, and therefore desire my Leave to adjourn to the first Tuesday in August next, I should readily grant you the Rescess you desire; but as there may be a Necessity for your meeting sooner, either by my receiving some Command from the King, or, during our present Situation with regard to our Indian Affairs, from some important Emergency that may arise, I give you my Leave to adjourn to the first Tuesday in May next; and I shall prolong the Rescess, by Prorogation, to the Time you desire, unless the Public Service should require your Attendance earlier.

March 26th, 1774.

The following is a Copy of the Agreement at the General Meeting of the People on the 16th Instant, and is now signing in different Parts of the Province, most of the Representatives having set the Example, viz.

WHEREAS an insidious Attempt hath been made, by the Ministry, to promote the Sale of Tea purchased with a Duty laid without our Consent, and thereby to tax the good People of America contrary to the Constitution thereof: We, the Subscribers, being determined to secure to ourselves, and to our Posterity, that Liberty which our Ancestors have obtained, and secured at the Expense of their Lives and Properties, have, this 16th Day of March, 1774, come to the following Resolution, viz.

I. That NO TEA (except such as, having been ordered before the 1st of December last, shall arrive here on or before the 15th of April next) shall be imported, landed, bought or sold, until the 1st of the 7th of Geo. III. Chap. 46, commonly called the American Revenue or Tea Act, be totally and cleanly repealed.

II. That the East India Company's Tea now lying in a Cellar under the Exchange, shall not be sold in this Province, or removed from the Place where it now lies, unless it be put on Ship-board to be carried off the Province, while subject to such Duty: And that we will, by every Means in our Power, prevent such Sale or Removal.

III. If any Person shall import, buy or sell any Tea, contrary to the first above mentioned Resolution, That we will have no Dealings with such Person.

The General Assembly of the Colony of Georgia, were on the 12th Instant adjourned, to Wednesday the 15th of June next. Several Acts were passed just before the Close of the Session, amongst them one, "To oblige the Planters of Indico, after Reaping the Weed, to bury or destroy it within a limited Time." On the 8th Instant, the Commons House of Assembly, after having received a Message from the Council upon that Subject, resolved to petition for the Introduction of a MILITARY FORCE into that Colony. The Resolution stands in the following Words, viz.

"RESOLVED, That an humble Address be presented to his Majesty, representing the present Situation of this Province, and praying His Majesty to take the same into his gracious Consideration, and order such a Military Force to be sent against the Creek Indians as may bring them to a proper Sense of their perfidious Conduct, and protect this His Majesty's Province from the unhappy Consequences which may be apprehended from the Perseverance of these Savages in their wanton and unprovoked Barbarities."

On MONDAY NEXT will come on, the Election of Vestrymen and Church-Wardens for both Parishes in this Town; and of Fire Masters, Commissioners of the Markets and Work-House, Packers, Coat and Wood Measures—when, it is thought some of the following Gentlemen will be chosen Commissioners of the Markets, viz. John Poole, Esq. Mr. John Calvert, Mr. Theodore Tetzels, Mr. Samuel Prioleau, jun. Mr. William Johnson, Mr. Samuel Fly, Mr. R. W. Powell, Mr. Josiah Smith, jun. and that there will be more Voters than ever appeared at an Easter-Election.

The Hon. James Habeshum, President of the Council in Georgia, arrived here by Land, from thence, last Tuesday.

Last Friday filled with the Mail for Great-Britain, His Majesty's Packet-Boat Le Despatcher, under the Command of Capt. William Talbot.

On the Declaration upon Oath, of one Barran, that the Creek Indian called by some the BIG ELK, by others the BUCK, and Leader of the Gang that did all the late Mischief, had gone, accompanied by four others, into the Lower Cherokee Towns, with the late Mr. Grant's Scalp, to invite the Indians there to join his People in further Acts of Hostility, saying, "that he and his Men had made the white People run like so many Fowls; that now was the Time to drive them to their big Cannons; and that the Creeks were all ready to take up Arms"—we hear, that one Walker, a Cherokee Trader, and two other white Men, undertook to go from Augusta, and retake the Scalp from the Big Elk; that they accordingly proceeded, and meeting with the Indians at Toogoulou, singled him out from the Rest, shot him dead, took his Scalp, without disturbing any other Indians, and carried it to Augusta.—What Effect this Transaction may have, it is impossible to tell.—If the Upper Creeks are really in the friendly Disposition, of which they have given repeated Assurances, they will plead, that the Big Elk's Death, ought to be accounted as a full Satisfaction by the Whites, and all Differences thereupon accommodated: But, if they have been privy to, or countenanced, the late Outrages, they will throw off the Mask, by urging the Big Elk's Relations to revenge his Death, and perhaps at last involve us in a War.—At all Events, it becomes our Frontier Inhabitants to lose no Time in erecting Stockade-Forts, that they may be able to repel the Attempts of any desperate Gangs, and to abide on their Settlements.—We are told, that there is not the least Probability of the Cherokees joining the Creeks, should they be for War: suffering the Big Elk to be killed in one of their Towns seems to justify that Opinion.

By Capt. Wright, just arrived from Philadelphia, we have Advice, of the Death of Lieutenant-Governor Oliver, in the 50th Year of his Age, at Boston, on the 1st Instant—of the Arrival of 40 Casks of Tea there, on the 6th, in Capt. Gorham, consigned by a Mr. Palmer of London to Henry Lloyd, Esq. but that there was no Probability of its being suffered to be landed—that the Assembly of Massachusetts-Bay had impeached Chief-Justice Oliver—and that Gov. Hutchinson had deferred his intended embarkation for England. That the Assembly of New-York were passing a Bill for building a Province-House for the Residence of the Governor, and a Secretary's-Office for the Reception of the Archives of the Province—that Governor Tryon, with his Family, was to embark for England, the first Week in April, in the Mercury Packet, Capt. Dillon—that the Tea-Ship Nancy, Capt. Lockyer, expected to sail from Antigua the 15th of last Month, for New-York, was not arrived there the 12th Instant, nor would the Pilots be suffered to conduct it beyond Sandy-Hook, from whence it would be immediately dispatched on its Return to England. That the Tea-Ship Polly, Capt. Ayers, which was sent back from Philadelphia, had arrived at Dover in 23 Days.—And that the People in the Northern Colonies are so determined against the Admission of Tea, that they have Committees who wait on and strictly examine the Master of every Vessel as soon as it arrives, that he hath not exceeding Five Pounds on board such Vessel, &c. &c.

This Morning died, much regretted by all that knew her, the amiable Mrs. Sarah Mathewes, Wife of John Mathewes, Esq. Son of James.

The Voting for a Representative of the Parish of St. Michael, in the present Assembly, in the Room of Henry Laurens, Esq. (who declined to serve, being off the Province) will begin on TUESDAY next the 5th of April, in St. Michael's Church, and the Poll be closed on WEDNESDAY the 6th, at Four o'Clock in the Afternoon. DAVID DEAS, Esq. and Mr. THOMAS LYNCH, jun. we hear, will be Candidates.

The General Assembly of this Province, stands adjourned to the First Tuesday in May next.

Price of Rice 55s. and 52s. 6d. per 100lb.—Quantity cleared since the 1st of November last 50,431 Tierces.

EXTRACT OF A LETTER, &c.

THE Managers of the DELAWARE LOTTERY for the COLLEGE of NEW-JERSEY, &c. have lately had a meeting, when it was resolved to begin the drawing of said Lottery at New-castle, on Monday the 23d of May next: They would have drawn it sooner, but their other business obliged them to put it off to that day. Impartial persons, it is not doubted, will be sensible, that, considering the largeness of the Lottery, it has been brought to a settlement very soon; for though it was first published about eighteen months ago, yet, from the situation of some persons on whom great dependence was to be placed, the selling of Tickets was necessarily deferred till about the month of May last.—It was also no small difficulty to get precise and certain accounts of the sales in distant places, and as some of these are still wanting, it is earnestly requested that all persons entrusted with Tickets, will on or before the 10th day of May next, return those that are unsold, and that the friends of the institution will do their utmost, in the mean time, to dispose of those that remain.

"P. S. Tickets not returned at the time above mentioned will be considered as sold."

THE Public Treasurers would gladly give the Public such a Description of the Counterfeit Bills now passing in this Province, as might effectually guard every Person from being imposed upon: But there are such a Variety of them (every Emulsion since the Year 1743 being counterfeited, except the Tax Certificates for the Indian Trade) that it is impossible. The only two distinguishing Marks that run through the most of them are these, viz. The Figures in the numbering are very bad, and the Names of the Signers are impressed by the Plate, instead of being wrote with a Pen.

AT the Old Free School are taught most of the liberal Sciences. Mr. TUKE's Abilities as an Accountant are well known in many Parts of the Globe, his expeditious Method of teaching to write, hath not yet been excelled in this Province, his short practical Methods of Calculation used in Business necessary for the Compting-House, &c. He has practised from his Youth, and hopes his Performances in the Years 1751, 1762, and 1763, when he had the Care of 193 Pupils, most of whom were of principal Families, will be a Recommendation to the Public.—Mrs. TUKE will attend such as may choose to be taught Needle Work.
